

Make a real splash

Learn to swim and be safe in the water

AISS is an Australian-founded swimming and water safety education company based in the UAE. Their teachers are trained by the leading swimming and water safety teaching body in the world, AUSTSWIM. The company use the most experienced and capable teachers available and offer the most advanced and efficient methods for teaching swimming and water safety. AISS use no attached flotation devices so their students learn skills that can be used in any situation. They have small class sizes that are based on the ability and skills of the learner, so our students progress faster. Their classes start from as low as three students per teacher for infants.

AISS offer classes throughout the UAE and we are continually adding new venues so you can be sure to find programmes at a convenient location to you. You can call them to discuss your needs and they will help you select a programme and venue that is suitable for you.

THEIR SWIMMING SCHOOL:

- Is fully insured for UAE
- Is licensed to operate in the UAE
- Is internationally qualified and trained
- Is resuscitation trained
- Provides water-safety education.

Your family's safety is their first priority. Australian international swimming schools
